Dan Schweiger
329 Glen Avenue
Sea Cliff, NY 11579
Sec. 21 Block 172 Lot 402
Close in porch with windows

The windows should be installed in such a way that they pay homage to the lines of the original porch. The windows should be set behind the columns that gave the porch its form. Right now, it all looks like a poorly designed addition. Framed correctly, the existing windows could be used.

The existing porch should be highlighted with the recessed windows, not disguised. The modifications could restore a front door to the front of the house, instead of having it as an afterthought.

Fredrick Eisenstein/Dina Epstein
209 Maple Avenue
Sea Cliff, NY 11579
Sec. 21 Block F Lot 1988
Convert & alter existing deck to covered porch and continue slope of existing roof to cover flat roof section.

On a motion by David DiGiovanni and seconded by James Mozer the application was unanimously approved as presented

On a motion by James Mozer and seconded by David DiGiovanni the application was unanimously approved as presented with framing of the lattice recessed column details & standing seam metal roof materials.

There being no further business to come before the Board the meeting was adjourned at 9:00 p.m.
