8. PUBLIC COMMENTS

Bruce Kennedy, Sea Cliff Village Administrator, asked for a copy of the SCWA contract; he was provided with a copy. He also inquired about the comment made during the last meeting by Member Greenberg concerning the possibility of Glen Cove offering their services for a cooperative agreement with WANS. Member Greenberg, representative from Glen Cove, stated he had discussed the matter with Glen Cove officials and there was no interest at this point to offer their services. Mr. Kennedy also stated that an extension to the grant obtained through Sen. Gaughran’s office, in the amount of \$75,000, for the purpose of updating the feasibility study, had received an extension until the end of the year 2022. The use of these, for the purpose of the feasibility study update, can be extended again, beyond the end of this year, but he stated it would take some paperwork to achieve it. A discussion ensued on the subject. Member Pombar urged a meeting be held with Walden soon. Member Vasilakis urged the Board to obtain yet another updated study after we hopefully complete one with Walden.

Mr. Joseph Lopes, a resident of Glen Head, commented that much of the information related to the assets part of the study is already stated on the documentation surrounding the sale of NY American Water to Liberty. He recommended we should look to have one or two other companies conduct assessments.

Ms. Agatha Nadel, a resident of Glen Head, thanked the Board for reaching a cooperative agreement with SCWA, she also asked the Board to remind the community that the purchase of NY American Water by Liberty was not the answer to our goal, as there seems to be a sense that such sale was the last step to be taken by the community. Member Kapoor suggested that once the website is up, we should write an update on this matter.

Mr. Lloyd Nadel, inquired if we are too early to begin to approach water service providers to provide us the service; several board members stated we were too early to approach any water service providers with this service.

9. **NEXT MEETING DATE:** The Board agreed to hold the next meeting on Wednesday September 28, 2022, at the Gold Coast Library Annex, 40 Railroad Avenue, Glen Head, NY 11545 at 7:00 PM.
10. **MOTION TO ADJOURN** – On a motion by Member Arena and seconded by Member Greenberg, the meeting was adjourned at 8 PM.

I hereby certify that the foregoing is a true and accurate copy of the minutes of the meeting of the Board of the Water Authority of Shore held on August 31, 2022.

Respectfully submitted,

George P. Pombar, Secretary Pro Tem
