MARCH

VILLAGE BULLETIN

2015

Mayor's Update

by Mayor Bruce Kennedy

I noticed yesterday that there was still daylight at 5:20 p.m. and thought "phew. . . spring is on the way." It has been a brutally cold winter filled with bitter temperatures, plenty of snow and way too much ice. As usual, my hat goes off to the DPW staff for their countless hours and dedication to keep our roads clear. Unless you have done this type of work, it is hard to appreciate what a toll it takes on your body. This constant freezing and thawing of the roads as well as the continual plowing really wears on our streets which means we will have a lot of roadwork to tend to in the spring.

As most of you have noticed, the Sea Cliff Avenue Sewer Project is well underway. The contractor, Novelli Brothers, has been doing a tremendous job. They have been working with all the businesses and residents along the avenue to minimize the im-

pact and keep on schedule. The road is merely being patched until the entire length of pipe is in the ground, then it will be properly repaired. The developer in Glenwood Landing who is installing the line along Prospect Avenue to the Nassau County Sewage Treatment Plant in Glen Cove (which we will be tapping into) has recently received all the required approvals from Nassau County and I am hoping their portion will begin soon.

I reported in the last Village Bulletin that we were providing the Children's Library a much needed facelift, new ADA compliant bathroom, and a new HVAC system. The original plan was to install a new drop ceiling with recessed lighting but when we removed the old drop ceiling we stopped in our tracks and envisioned what the building used to look like and could look like (continued on page 2)

The upcoming Village Election on March 18 will once again provide me the opportunity to serve Sea Cliff and our residents as your Village Trustee. I am delighted to have the opportunity to continue to serve in this capacity for an additional

two years. To this end, I seek your vote of confidence. I believe I possess those qualifications to continue to serve our community.

My educational, professional and community service background has provided me with those qualifications, which will ensure my continued dedication to this honored position.

In 1978 I was admitted to the New York State Bar and was appointed as an Assistant District Attorney in the Nassau County District Attorney's Office. While serving in this position from 1978-1982, I attained the status of Senior Trial Prosecuting Attorney, was selected as a member of the Official Corruption and Special Investigations Bureau, and was appointed Chief of the Civil Rights Unit.

Since 1982 I have maintained a private law practice specializing in criminal defense litigation with offices in Garden City.

Photo by Carol Griffin

When I originally ran for mayor in 2009, I promised to work hard, to put a lid on Village taxes, to rebuild our downtown and to fairly represent our residents. I believe that I have kept those promises and we have seen great progress in the past six years. The success we have experienced has not been a one man show—it has been the collaborative efforts of ten different hardworking Board members, a dedicated staff, countless volunteer groups and many members of our community. We have seen a total resurgence of our downtown area with class A restaurants, shops, jewelers, artists and photographers. Part of this

success has been incredible synergies between the restaurants and the arts community. I am proud to have been part of this collaborative effort.

I picked up where previous administrations left off with the renaissance of our waterfront. We have expanded the old pavilion and built a full scale kitchen. We have built a performing arts gazebo on the beach that is fully equipped with a professional sound system and LED lighting. Additionally, we were able to realize the hard work and vision of three previous administrations with the comple-

I moved to Sea Cliff eighteen years ago thinking that I had moved into a house in a scenic village. Over time, I grew to realize how fortunate I was - that I had moved into a community - not merely a house. Sea Cliff is an eccentric, wonderful place to live. It is antique, beautiful, vibrant and progressive. It no longer surprises me when I meet people who were raised here and choose to raise their families here. I do not think this happens in most other Long Island suburbs. I am also not surprised when I meet people who uproot their families, and even change their children's schools, to live here. There is something magical about Sea Cliff.

The magic of Sea Cliff does not happen by chance. This Village is only as great as the people who take the time to make it great.

We are a community of volunteers - from the firefighters and EMS, to the beach committee, to the docents at the Village Museum, to the little league coaches, and all of the multitudes of volunteers I do not have space to mention. All of these people take their time and energy to make Sea Cliff a wonderful place to live. I thank all of these volunteers and wish to do my part.

I have the time and experience to devote to working as a Trustee. I have years of involvement on the Zoning Board of Appeals, the last two as Chairperson. I realize that being a Trustee will present a whole new set of challenges and issues. To me, the overarching issue is how to preserve Sea Cliff's heritage while keeping up with modern necessities. I believe that working

tion of the Scudders Pond remediation project.

A project that is currently underway that will help shape the next generation is the interior renovation of the Children's Library which will make the facility handicap accessible, energy efficient, and historically restored.

The first of three phases in the restoration of Village Hall occurred a few years back but we were unable to continue on to Phase II because of budgetary constraints. Through perseverance and rela-

tionship building with other levels of government, we were recently awarded a \$300,000 grant that will enable us to complete Phase II and part of Phase III, which will include some much needed interior work.

An environmental and downtown revitalization project which has been one of my main goals for the past six years has begun—the downtown sewer project. Former Mayor Krieb started this project with a feasibility study and the securing of assorted grant money. We picked up where she left off and this nearly \$2 million project will be completed by the spring.

Dina Epstein

(continued from page 1)

with a Mayor and Trustees such as Bruce, Ed, Elena and Kevin - who are intelligent, innovative and dedicated - will make those challenges surmountable.

About me: I was raised in Commack and earned a B.A. degree from The University of Pennsylvania and a J.D. degree from Hofstra University School of Law. I am admitted to the bars of the States of New York and Florida.

I started my professional career in Manhattan working in commercial litigation. I took time to travel and study abroad. Upon returning to New York, I resumed my legal career as in-house corporate counsel. I then started my own practice, moving it to Sea Cliff eighteen years ago. I simultaneously held an adjunct teaching position in the paralegal studies program at LIU

Post for eleven years.

I enjoy living here with my husband, three children and cat. I feel that my children have been able to enjoy an idyllic childhood because they live in this village. The fact that any child in this one square mile can walk or ride their bicycle to the beach, to playgrounds, to ball fields, to the library or to get a bite to eat makes Sea Cliff a great place to grow up. I also believe that exposure to music, art, community gatherings and beach parties in the usual course of life in Sea Cliff invaluable enriches the community.

During my residency I have been fortunate enough to do volunteer work with some vital organizations. I was originally appointed to the Zoning Board of Appeals by Mayor Claudia Moyne in 2001. After four years of service, I took a three year hiatus. In 2008 Mayor Bruce Kennedy asked me back to the Zoning Board, where I have

Taking a leadership role such as being Mayor or a member of the Board of Trustees is a true labor of love and at times requires a very thick skin. It requires countless hours of work, time taken away from your family, and a willingness to take chances. The rewards come from leaving behind a community that is in better condition than when you started.

We have accomplished tremendous success in the past six years, but I am not done yet. I still have the fire in my belly, the desire to work and serve, and the support of my family to serve another term.

served as Chairperson for the past two years. In addition to my work with the Village, I have held a variety of volunteer positions with the local schools. I served as co-chair of the Staff Appreciation Luncheon at the Sea Cliff School until my youngest child moved on to middle school. I have volunteered as an assistant to the mock trial teams for both the Sea Cliff Elementary 5th grade team and for the North Shore Middle School team. I also served as baking committee coordinator at the middle school and with a local Girl Scout troop. Currently I serve on the Advisory Board to the LIU Post Paralegal Studies Program. In the spirit of volunteerism it should also be noted that my cat has taken up the task of reducing the local rodent population.

I hope that the residents of Sea Cliff will vote for me on March 18 and give me the opportunity to serve as Trustee.

bring all my experience and pride in our Village to work for each of our residents.

As your Village Trustee, I will continue to ensure that my oath of office will be fulfilled and to be vigilant to the needs and concerns of our residents. To honor Sea Cliff's heritage of tolerance and diversity. To champion the preservation and protection of our Village's natural beauty and its resources. To progress forward in realizing Sea Cliffs full potential as a community that we all will be proud of and that continues to be a haven to raise our families.

Thank you for your vote of confidence.

Mayor's Update

(continued from page 1)

again. The walls continued up into a curve that met with a vaulted plaster ceiling. Despite the additional cost (which was partially covered by a generous grant from the Gottleib Foundation), it was agreed that we should restore the building to its original grand appearance. The ceiling was in horrible condition but has been professionally repaired and restored. Additionally, we ordered period correct light fixtures with the assistance of local resident Leslie Guerci. Leslie is the chairperson of the Sea Cliff Landmarks Association and her guidance in this project has been invaluable. As a quick history lesson on this building; in 1914, Mrs. Mary L. Stenson purchased the land and built the structure to honor her husband, Samuel. On May 12, 1915, Stenson Memorial Library formally opened to the public. It is incredibly exciting that this restoration/modernization project will be completed for its 100th anniversary.

Both the previous mentioned major capital projects are being funded (for the most part) through grants from the Federal, State, and County governments. We have recently been informed that our application

for over \$300, 000 for Phase II of the Village Hall Project has also been awarded. This grant money as well as funds we dedicated for this work will go a long way toward the waterproofing and exterior restoration of this landmark building. We are currently preparing bid documents and hope to have this endeavor on track for the spring.

Our community continues to be a shining example of what local government can accomplish. Our successes are evidence of what can be done when we work together. With that said, I would like to thank our Board of Trustees, staff, volunteers, and all our residents that contribute their time and talent for the good of our community. Finally, I would like to acknowledge one resident in particular – Carol Vogt. Carol has faithfully served our community in so many capacities for decades; including as Deputy Mayor since 2009. Carol is not seeking reelection this year so I want to state what an incredible experience it has been to work side by side with her. Carol, on behalf of all Sea Cliff residents, thank you for all you do and have done.

Easter Bazaar Festivities Coming Soon

The Church of Our Lady of Kazan will hold its annual Easter bazaar on Saturday, March 21 from noon to 4 p.m. The bazaar, which has been a tradition for decades, will be held in the parish hall of St Luke's Episcopal Church, on the corner of Glenlawn and Glen Avenues. The bazaar information line is 468-1579. We will have Russian Easter eggs, gift items, jewelry, and wonderful Russian food and pastries.

Ed Lieberman

(continued from page 1)

My formal legal education consists of a Juris Doctor degree from Hofstra University School of Law and a Masters in Law degree in Criminal Justice from New York University School of Law.

Community Service has also been an integral part of my background. I am a member of the Sea Cliff-Glen Head Lions Club and have attained numerous administrative positions on the local, state and international levels. Additional community service experience has included serving as a member of the Board of Directors of Life's WORC and the Long Island Urban League.

I moved to Sea Cliff in 1995 with my family and have enjoyed our community and its people. My wife Kathie and I raised our two children in Sea Cliff and now look forward to seeing our two grandchildren attend and graduate from the North Shore Schools.

The wonderful experience of serving as Sea Cliff Village Trustee for the last two years, along with my volunteer service on various Village Boards and Committees, has provided the working knowledge and skills that qualify me to continue to be an effective public servant to our vibrant community and your families. Now, with our Mayor and fellow Trustees, I will

Carol Hartney

Former Deputy Village Clerk Carol Hartney

January 3, 1935 – December 25, 2014

by Dan Maddock

The Hartney family and the Village of Sea Cliff lost a great lady this past Christmas day when former Deputy Village Clerk Carol Hartney passed away at the age of 79. Carol was born and raised in Sea Cliff and gave of herself to the community she loved all of her life. Raised on Glen Avenue, Carol graduated from Sea Cliff High School in 1952 and two years later married Dick Hartney, who was then serving in the United States Marines. They stayed in Sea

Cliff and raised five children. During those years, Carol worked at The Long Island Lighting Co. and North Shore Schools. In 1980, she went to work at Village Hall as a clerk-typist and two years later became Deputy Village Clerk. She retired from the Village in 1992 with many accolades about her compassionate and competent handling of resident problems.

Carol was a whirlwind of activity and, with dedication and a never fading smile, served her communi-

ty tirelessly. She was a very active member of the Sea Cliff Methodist Church, serving on many committees and boards, including that of the church's very popular Pumpkin Patch fund raiser each October. She was a member of the Village's Senior Action Committee; did the scheduling of the Museum docents, where she and her husband Dick also took shifts; served as a Board member and Recording Secretary of the North Shore Golden Ring Club; and, in earlier years, was ac-

tive in the Fire Department Ladies Auxiliary.

Carol and Dick Hartney together received the Civic Association's coveted White Cap Award for outstanding community service in 2010. Carol's bright light will never be extinguished and her great example will stay with us for a long, long time. She is survived by Dick Hartney, her husband of 60 years, four children: (Ricky, Kathy, Tommy and Paul), nine grandchildren and six great grandchildren.

Village, County and State officials gather to mark the beginning of construction on the Sea Cliff Avenue sewer line (l-r) Eric Swenson, Director of the Hempstead Harbor Protection Committee; Erin McDonnell, Grants and Contracts Administrator; Mayor Bruce Kennedy; State Assemblyman Charles Lavine; County Legislator Delia Deriggi-Whitten; Trustee Edward Lieberman; Trustee Elena Villafane; and Donald Crosley, Nassau County Community Development.

Photo by Cathy Elorriaga

The Four S's of Public Works

by John A. Mirando, Village Administrator and Director of Public Works

Stenson, sewers, snow and sanitation. It has been a busy winter for public works including our share of snow and several key projects to improve life in Sea Cliff.

Stenson Library: In early December a publically bid contract was awarded to Benchmark Construction Group of Westbury to start the renovation of the Stenson Children's Library. The main scope of this project was to install a new handicapped accessible bathroom, improve lighting and install an improved HVAC system. During the demolition phase when the contractor took down the existing drop ceiling and lighting, the Architect, James Caballal, and the contractor determined that the original ceiling could be renovated. The Village agreed and made the appropriate changes in the contract. With the help of resident, Leslie Guerci, a new lighting plan was developed to highlight the restored original ceiling.

With the installation of the new HVAC system, the window air conditioning units were removed allowing more natural light to brighten the library. A conversion from oil to natural gas was made to burn cleaner while eliminating a buried oil tank.

During the construction Children's Library Coordinator, Ann DiPietro, is hosting the Children's Library in the board conference room at Village Hall. It is expected that the Stenson Library will re-open by the second week of March.

Sea Cliff Avenue Sewer: After years of planning and securing grant funding, work finally began on the installation of the sewer line for Sea Cliff Avenue as ground was broken on January 20. The contractor for this project is Novelli Brothers Contracting. The sewer started at Prospect Avenue and will run to the intersection of Main Avenue. This installation will include 2200 feet of pipe, 10 manholes and 68 house connections installed to one

foot inside the property line. As of this writing, the project is moving along fairly quickly considering the severe winter weather we have been experiencing, and over 500 feet of the pipe has been installed.

When this line is complete, restoration to the road will take place. The Village would like to give special thanks to Father Bob and St. Boniface for allowing the contractor to use their property on Main Avenue and Carpenter Avenue as a staging area, which is helping move the project along.

Snow: On January 26 the Village experienced the blizzard known as Juno. DPW crews worked for 30 straight hours clearing the roads. These types of snow storms are not only rough on the manpower but also the equipment. The main objective during the snow fall is to keep the roads passable for emergency vehicles including fire, police and EMS. Once the snow stops we then start opening streets as close as possible, curb to curb. The final touch is to sand and salt the streets with a 50/50 mixture of sand and salt. The sand provides traction and the salt helps melt the ice that forms after plowing. Roads with heavy traffic tend to get down to pavement first after the sanding/salt placement.

The roads that do not get much traffic tend to ice over and appear that they were not sanded and often require follow up sanding and salting, particularly when we get alternating above and below freezing temperatures.

One of the main complaints we get is plowing in driveways. There are approximately 2000 parcels with an equal amount of driveways, which makes it impossible to avoid being plowed in, particularly on many of the narrow roads in Sea Cliff. It is recommended that when you shovel your driveway try to move the snow to your right as you walk out your driveway. This will reduce the amount of snow re-

deposited back in your driveway.

Sanitation: When we have a snow storm or event that requires we change the sanitation pick up schedule, a CodeRed message is sent out to all residents by phone, text or email. If you do not receive these messages please go on the Village Web Site click on the CodeRed link and enter the method and number you wish to be notified. During the Juno Blizzard the Village cancelled recycling but each resident still received two days of regular garbage pickup.

Due to the drop in gasoline prices the cost of disposing of bottles, plastic and cans has tripled for the container service we have at the yard. However, we are able to dispose of the bottles, plastic and cans that we pick up curb side at half the cost. Until this changes, the Village is encouraging residents to place their bottles, plastic and cans at curbside and not bring them to the yard. This will help save money.

A Non S Item: In February the Village took delivery of our new Hybrid Safety Car for the code enforcers to drive. This is a white Ford C Max that has an engine that recharges batteries and redirects excess braking energy back into storage. This allows the car to run on batteries at lower speeds. It is projected that the Safety Car will get 44 miles per gallon of fuel.

Marguerite Hollman

"What a beautiful woman", exclaimed Lt. Bruce Bosshard, Commander of the S.S. Sea Cliff, a U.S. Navy Deep Submergence Vehicle named after the Village. He and two other seamen had just spent the night as guests in the home of Marguerite and Henry Hollman. My wife Maureen and I were picking them up for a tour of Manhattan and I asked what they thought of the Hollmans. The three sailors were in Sea Cliff to represent the vessel and crew of the San Diego based mini-sub at the Village's 1986 Memorial Day Parade and Lt. Bosshard was expressing a reaction that was quite familiar to Sea Cliff residents. Marguerite Hollman, who passed away just before this past Christmas at the age of 95, was a beautiful woman, both physically and spiritually.

Born in Brooklyn in 1919 as the daughter of the Rev. Richard Hill, Marguerite and her family moved to Sea Cliff in the 1920's. She grew up in the Village and eventually met and married Henry Hollman and raised three children. In her professional career, she was a Vice President for Sales and Marketing for the Scolding Locks Corporation, a hair care products company, whose

primary retailer was Woolworths. As a couple, Henry and Marguerite were incredibly active in the community. Marguerite served as President of the Good of the Village Association, and was active on the Sea Cliff Beautification and Ambulance Fund Committees. In 2004, she received a White Cap Award for community service from the Sea Cliff Civic Association. A favorite charity of Marguerite was the Nassau County Division of the Salvation Army, where she volunteered many hours. In 1999 Marguerite was recognized for her leadership on the Salvation Army Women's Division Board and that same year both she and Henry were named the Nassau County Salvation Army Volunteers of the Year.

Born and raised in Sea Cliff, Henry served as a Village Trustee, as the first Village Administrator, and also as Director of Community Development, as well as a member of the Ambulance Fund, and Boardwalk and Veteran's Committees. Henry also received a White Cap Award in 1982, and was named Man of the Year by the Nassau County Republican Club and Citizen of the Year by the North Shore Kiwanis Club, where he served as President. Henry Hollman passed away in 2005. That same year, Mayor Eileen Krieb and the Village Board recognized Henry and Marguerite by declaring that The Boulevard, which runs along Sea Cliff Beach, will be known as Hollman Boulevard in their honor. Marguerite is survived by her children, Douglas Hollman and his wife, Linda of Annapolis, MD, Jeffrey Hollman and his wife, Laurie of Cold Spring Harbor, NY, and Wendy Csoka and her husband, Frank of Sea Cliff, along with eight grandchildren and five great-grandchildren. Announcements will be made for a memorial service in the spring.

Annual Meeting

Sea Cliff Village will hold its annual meeting on Monday, April 6, at 7 p.m. at Village Hall. At this time the mayor and two trustees as well as appointed board and committee members will be sworn into office. Please join us at this time to honor all the members of our community who serve this Village.

Sanitation Holiday Schedule

March, April, May

Good Friday observed on April 3

Normal Sanitation Schedule — No Change. There will be recycling pick up on Wednesday, April 1.

Memorial Day observed on Monday, May 25

Monday's garbage pick-up moves to Tuesday and Tuesday's to Wednesday. There is no recycling pick-up in a holiday week.

Thursday and Friday's garbage pick-up remain the same. The Recycling Center will be open on Wednesday, Thursday and Saturday of that week.

Note: Village Hall will be open on Good Friday but closed on Memorial Day.

Discharge Planning, a Crucial Part of Your Recovery

by Karen Montagnese, Senior Outreach

Karen Montagnese

An admission to the hospital can be an overwhelming and emotional experience. There are so many moving parts from admittance paperwork and insurance coverage to doctor's care and medication management. If a surgical procedure is necessary then physical recovery is also in the mix. There is a lot to keep up with and it is easy to forget about the importance of discharge planning. However, it is a very important part of your recovery and can help minimize your chance of complications and readmittance to the hospital. It may sound strange but at admittance ask to speak with the discharge planner (social worker or case manager). It is never too early to begin assembling a plan and its supporting paperwork so that your discharge and after care are seamless, with continuity of services, premium care and little to no out-of-pocket cost. This holds true if you are discharged home or into an inpatient rehabilitation or nursing facility.

Discharge into an inpatient facility for continued care is arranged by the discharge planner upon the

request of your doctor. Aftercare must be prescribed by your doctor for insurance to cover the expense. You have a choice of where you want to go based on appropriate services and availability. These facilities range in physical intensity and are labeled acute rehab, sub-acute rehab and skilled nursing. Acute rehab is the most physically intense providing 2-3 hours of therapy a day. Remember these facilities will have discharge planners too, so introduce yourself.

Being discharged home from the hospital or an inpatient rehab facility does not mean you are no longer entitled to services. If your doctor deems it medically necessary and you are housebound, Medicare will pay for some limited in home care. For instance, you may qualify for continued skilled nursing care (to monitor your vitals, wound care or check on a new medicine) and/or physical or occupational therapy (to work on mobility and balance). There is even an allowance for a home health aide (for bathing, and meal preparation assistance) to visit two times a week. Your doctor can provide the necessary documentation to the discharge planner so that this is in place when discharge occurs. There are also many private pay agencies that can provide services. This can be added to the Medicare approved services. You are responsible for payment to these private agencies and rates can vary. If you have Long Term Health Care Insurance it may pay for all or a portion of these services. The discharge planner can provide you with a list of private agencies in the area.

Outpatient rehabilitation may

also be included in your discharge plan. If you are ambulatory, your doctor may recommend continued professional care following your hospitalization. This could be treatment such as physical or occupational therapy, or cardiac or pulmonary rehabilitation. If you meet certain qualifications, Medicare will pay for a limited amount of outpatient sessions tailored to your specific needs. These services do not necessarily require prior hospitalization. If you have a chronic disease, check with your doctor about enrolling in a supportive outpatient rehab program. Glen Cove Hospital has multiple outpatient programs. They have recently opened a Pulmonary Rehab Program that helps people living with chronic lung disease such as asthma, pulmonary hypertension, emphysema, chronic obstructive pulmonary disorder (COPD), lung cancer, lung transplant and other conditions to improve breathing and enhance their quality of life.

As you can see, navigating the health system while recovering from illness, or maintaining good health while dealing with chronic illness, can be complicated. There are lots of variables in planning for a successful outcome. In most cases ongoing care is necessary and an individualized treatment plan is invaluable. The discharge planner and your doctor are the power couple in getting you the continuum of services that you require while maximizing the insurance coverage to which you are entitled.

For more information or to discuss the discharge planning process further feel free to call me at Village Hall 671-0080 x 36.

Memorial Day Parade

The Annual Memorial Day Parade in Sea Cliff will take place on Monday, May 25 at 9 a.m.

The parade will step off from Memorial Park and proceed down Sea Cliff Avenue to Roslyn Avenue and then proceed south to Glen Avenue, where it will turn left and head for Clifton Park.

The Clifton Park ceremony will commemorate this most solemn of American holidays.

All Village residents and friends are invited to take part, in the commemoration either as marchers in the parade or onlookers. All Village organizations are welcome to participate.

Mutual Concerns

by Peggie Como

After the Thanksgiving and Christmas season, we were running low on non-perishable food. Luckily we received food and money donations from the North Shore Middle School, the North Shore High School, the Sea Cliff Elementary School, the Sea Cliff Fire Department, the Sea Cliff-Glen Head Lions Club, and from many private individuals making our pantry full once again, just in time for our Easter and Passover basket deliveries in April. Our emergency pantry is always available at any time of year for anyone who needs food. Call Peggie Como at 671-1717 if you need help.

Many thanks to Joe and Ali Ciampa for another extraordinary success as they hosted the 5th Annual Sea Cliff Soiree, which was held on January 31. Several years ago, Joe and Ali wanted a way to help Mutual Concerns, so they planned a lavish party, complete with food, music and dancing, at the Sea Cliff Yacht Club and took in do-

nations for our benefit. Joe and Ali do all the planning and execute this great night flawlessly. We are grateful beyond words that these generous people have donated their time and talent to an event that is so much fun—and gives us another way to provide assistance to those less fortunate.

Our popular senior lunch program meets every Tuesday and Friday at noon at St. Luke's Parish Hall on Glen Avenue. Bus transportation is available to and from St. Luke's. We welcome newcomers and we like to see new faces! Aside from a delicious home-cooked meal and the wonderful company of friends and neighbors, participants can partake, if they like, in games such as bingo and cards.

We are always on the lookout for kitchen volunteers. Please call Peggie Como at 671-1717 if you can spare some time from 11 a.m.-1 p.m. on either a Tuesday or a Friday.

The Trees of Sea Cliff

New Tree Ordinance Requirements When Removing a Tree

by the Sea Cliff Tree Committee

After almost two years of discussion, public meetings, and revisions, the Sea Cliff Village Board of Trustees has approved a revised Tree Ordinance. This revision of the Tree Ordinance was intended to ease the previous law's restrictions while ensuring that Sea Cliff maintained its treed character. The proposed changes have been described in the Sea Cliff Village Bulletin over the past few issues, and the proposed law has been posted on the Village website for the past three months, to inform residents and allow ample time to provide comments and feedback to the Board of Trustees.

What does the new Tree Ordinance mean for Sea Cliff residents? While each situation is unique and the Tree Ordinance requirements should be reviewed by each resident, here are a few general cases that might apply, with a description of what needs to be done:

1. A resident wants to remove five maple tree saplings that have grown up wild on the edge of his

property. Each sapling is less than 10" in diameter (all diameter measurements are taken 4 ½ feet up from the ground). In this case, no permit or notification of any kind is needed from the Village – the resident can remove any number of trees that are 10" in diameter or less.

2. A resident wants to remove a single 18" diameter London Plane tree that she feels is shading her property too much. In this case, all she has to do is notify the Village using a short on-line form found on the Village website, since each property owner is allowed to remove up to three trees per year that are greater than 10" and less than 20" in diameter.

3. A resident wants to remove a large Oak tree that is 36" in diameter because she is concerned that the tree may be a hazard to her house during a storm. Since the tree is over 20", the resident must apply for a tree removal permit by filling out a permit form obtained from Village Hall. There

is a \$25.00 charge for the permit. The Tree Commission will then review the removal request and visit the property to inspect the tree. If permission is granted for removal, the resident is required to replant a similar eventual size tree somewhere on the property, or pay a \$250 fee for the Village to replant a tree elsewhere. The resident can request relief from the fee from the Board of Trustees.

4. A resident has two hemlock trees, 16" and 18" in diameter, and one 21" spruce, that are all planned to be removed for new landscaping. The two hemlocks can be removed with only notification to the Village, but a tree removal permit for the spruce must be applied for and a \$25.00 fee paid. If the permit is granted, one new tree of similar eventual size needs to be planted during the landscaping (or a fee

paid).

The requirements are summarized in the table below.

The new Tree Ordinance will give Sea Cliff residents more freedom to remove trees on their property, while all residents, current and future, will benefit from the new trees that will be planted throughout the Village to replace the large, old-growth trees that are being lost.

New Tree Ordinance Classes and What is Required for Removing a Tree

Tree Class	Diameter of Tree(s)	Number of Trees to be Removed per 12 months	Simple Prior Notification to Village Required?	Tree Removal Permit Application Required?	Tree Replacement Required?
A	10" or less	1 or more	No	No	No
B	More than 10" AND less than 20"	1, 2 or 3	Yes	No	No
C	More than 10" AND less than 20"	4 or more	No	Yes \$25 Permit Fee	Yes Replacement or \$250/tree
C	20" or greater	1 or more	No	Yes \$25 Permit Fee	Yes Replacement or \$250/tree

Stephanie Hunter and Linda Schwab of the Sea Cliff Gold Coast Lions Club present a check to Angela and Julia from Martin Viette Nurseries for the "Trees for Troops" campaign. The Sea Cliff Gold Coast Lions Club purchased 6 trees, which will be donated to a military family at one of over 60 military bases across the U.S. and overseas. SCGC Lions Club wanted to help make the holidays a little brighter for those serving our country.

20th Annual Christmas Day Dinner

by Peggie Como

The 20th Annual Christmas Day Dinner was held at the United Methodist Church in Sea Cliff on Christmas Day. For the past 20 years, Terry Sciubba, a member of the Mutual Concerns Committee, has organized this very popular dinner for all those who don't have family nearby to enjoy a wonderful holiday dinner with friends and neighbors. Through the years, more and more people have joined this festive occasion. They look forward to this dinner and entertainment every Christmas. It has become quite the holiday tradition! Terry enlists local establishments to donate food, and residents are always willing to give their time as

volunteers in the kitchen or to sing or play the piano. Everyone looks forward to participating in the annual favorite, "The Twelve Days of Christmas." This year was no exception. Those who donated food for the dinner are: Gallagher's, Oak Room, Metropolitan Bistro, Still Partners, and The Sea Cliff-Glen Head Lions Club. Volunteers included: Barbara and Cliff Sinenberg, Peter and Theo Fleishman, Stu Rodal, Ed Lieberman, Saul Schachter, Carol Berglie, Julie Colon, Lynda Maxey, and Jon Lauter. Entertainment: John Canning (Master of Ceremonies), Sue Giordano (Singer), Paul Basserman (on Piano) and Eric Holsington (as the Dancing Elf).

North Shore High School's Independent Projects students exhibit their artworks in our library.

Summer Theatre

Sea Cliff Village Museum Updates

by Sara Reres, Museum Director

Many of us fondly remember, Glinda, the Good Witch from "The Wizard of Oz", starring Judy Garland. Enthralling and beautiful, Glinda showed Dorothy how to click her ruby slippers and get herself home.

Back in September, the museum received a letter with some photographs revealing an amazing connection with Glinda (played by Billie Burke) and the Sea Cliff Summer Theatre. Here is a copy of the letter sent to the museum:

September 15, 2014

Hi Sea Cliff Village Museum Folks,
Thought you would be interested in having these photos. I believe they were taken in 1955 when I was an apprentice scenic designer at the Sea Cliff Theatre. It was a ten week summer stock that used a different star each week.

The first photo is of Billie Burke playing with a couple of the children in the show. Burke was best

known for playing Glinda the Good Witch of the North in the Wizard of Oz movie. She was also married to Florenz Ziegfeld of Ziegfeld Follies fame.

The second photo she is at the wheel of the company car. The man at the far right was Cleon Throckmorton who was the scenic designer.

Burke's show was a new play titled "Mother was a Bachelor" that was supposedly headed to Broadway. It never made it.

Allen Klein, San Francisco, California

Our current exhibit, "Growing Up in Sea Cliff" features other delightful tidbits such as these. We are open on Sundays from 2-5 p.m. The Museum is seeking docents who can volunteer on Sundays for three hours every other month or so. Please call 671-0090 for further information.

Billie Burke

Village Election will be held Wednesday, March 18th

The voting hours for the March 18, 2015 Village of Sea Cliff election are 12 noon to 9 p.m. The polling location is the Village Public Works building at 66 Altamont Avenue and Irving Place on the north side of the Village.

Up for election are the mayor and two trustee positions. (See page 1 for candidates' information.)

Transportation to the Village Election

Any senior residing in Sea Cliff is eligible for transportation to vote in the March Village election. If any senior needs transportation to the voting poll, please call a few days before the election so arrangements can be made. Call Claudia at 759-9251 or Village Hall at 671-0080.

Flora Schierhorst: Sea Cliff Centarian

by Herbert Schierhorst

Recently over a hundred friends and family members gathered at the Swan Club to help Flora LeTellier Schierhorst, a long time Sea Cliff resident, celebrate her 100th birthday. Born in Brooklyn in 1914, shortly thereafter she moved with her family to Glen Cove. In 1938 she married Herbert H. Schierhorst and moved to Sea Cliff.

While her husband served in the navy during World War II, Flora

held a job as a second cook on the Santini Estate in Brookville. After the war, Flora raised their children while her husband returned to his job in the Sea Cliff Department of Public Works. Flora and Herbert were married for 69 years until Herbert passed away in 1997.

Flora continues to live in Sea Cliff and is inspired by her motto: "The first hundred years are the hardest!"

Flora Schierhorst

Hempstead Harbor IQ Test

by Eric Swenson, Executive Director of the Hempstead Harbor Protection Committee

You probably see it every day but how much do you really know about Hempstead Harbor? Take the IQ test and see!

1. Hempstead Harbor originally served as the harbor for the Village of Hempstead (about 10 miles south of Roslyn). True or False?

2. Fertilizing your lawn can harm the harbor. True or False?

3. The storm drains you usually see in the street filter and treat rainwater runoff so that it can't harm the harbor. True or False?

4. Hempstead Harbor was formed –
a. In 1857
b. 10,000 to 20,000 years ago
c. 1 million years ago

5. How was Hempstead Harbor formed?
a. Indians dug it out so they would

have a safe place for their canoes
b. Early settlers dug it out as they mined sand to build New York City
c. It was left after the last Ice Age receded

6. The high nesting platforms you see around the harbor are for:
a. osprey
b. wood ducks
c. herring gulls

7. If you want to help geese and ducks in the harbor, you should feed them because they often have trouble finding food, especially in the winter. True or False?

8. Your dog can pollute the harbor? True or False?

9. A "watershed" is –
a. A big tank that stores drinking water
b. Something you keep your boating equipment in

c. The area on the land around a harbor or lake from which water drains to that harbor or lake

10. "Hypoxia" is –
a. A type of rash that you can develop from certain jellyfish that inhabit our harbor in the summers.
b. A state of low amounts of dissolved oxygen in the water.
c. A state of too much dissolved oxygen in the water.

ANSWERS:

1) True 2) True 3) False 4) B 5) C 6) A 7) False 8) True 9) C 10) B

For more information about the harbor, visit www.HempsteadHarbor.org.

Senior Action Committee

Claudia Moyne has become the newest member of the Senior Action Committee; currently she organizes the "Rides to Doctors" appointments. All Sea Cliff residents are eligible for free rides to doctor appointments if in the Glen Cove area. Other members of the Senior Action Committee are: Ann Costagliola, Joyce Kaufmann, Maureen Maddock, Alice O'Donnell, Debbie Pierce, Gen Woods and Jean Stratford, who is the committee chairman. The Senior Action Committee would like to offer our sincere condolences to the Hartney family for the loss of Carol Hartney. She was a dear and beloved member of our committee, we'll miss her.

Lifelong Resident Mary Eschwei Passes On

by Carol Griffin

The opening words of Mary Eschwei's obituary began with the words, "She passed into the arms of the Lord on December 7... Mary was a kind and generous woman who gave of herself and her great talent to all who knew her."

Mary was a lifelong resident of Sea Cliff and was actively involved with the Audubon Society, St. Boniface Church, St. Vincent de Paul Society and the Sea Cliff Village Museum.

Mary was a chemist by profession, a graduate of Albright College (class of '46) and retired after a lifetime of work at Brooklyn Polytechnic Institute. She traveled the

world with her Aunt Buppy (Betty Christ) and other good friends. Mary would often give wonderful slide shows of her very unusual travels to groups, including the St. Boniface seniors.

Mary was also known for her miniature woodcarvings that live on in the homes of many friends to whom she gave very special carved Christmas ornaments. Additionally, her diorama of Sea Cliff Village is on display as part of the permanent exhibit at Sea Cliff Village Museum.

Mary spent her final days living at the Regency in Glen Cove. She is survived by her cousins Nancy

Rose, Joan Nau, Barbara Kelley, Lynn Pappas and her sister-in-law Shelby Eschewi and her nieces.

Mary Eschwei

A Splendid Way to Celebrate the Outstanding Work of the Staff of the Sea Cliff Library

by Carol Poll, President of the Friends of the Sea Cliff Village Library

The Friends of the Sea Cliff Library, under the efficacious leadership of Jeanne Millspaugh, provided a delightful thank you holiday party for the Sea Cliff Library staff. The party was intended to show our gratitude and affection for the staff. It is the staff and their kindly perceptive attention that ensures our children and adult library serve as favorite community centers filled with interesting books, talks, films, spellbinding storytelling hours, computers, and excellent reference materials. The staff well deserves a holiday party and much more.

The Friends of the Sea Cliff Library is a non-profit group committed to advocacy and fundraising for the library. Please join us! The meeting schedule is posted on the Library website.

Left to right: first row Catherine Pickering, Jeanne Millspaugh, Camille Purcell, Barbara Murray, Arlene Nevens, Roz Polisano, Peg Brucia, Gwynne Lennon, Geri Reichgut, Janet Swinburne. Second back row: Frank Murray, Ronald Doering, Mike Lennon and Jim Campbell.

Spring Awakenings at the Library

by Camille Purcell, Assistant Director

A snowy winter slowly gives way to the faint stirrings of Spring. Our March programming calendar begins with an ACT practice test for all high school sophomores/juniors. This practice test is being offered by Kaplan Test Centers. One of our newest offerings is the movie discussion group, "Classic Cinema Chats". This month on March 17 we will be discussing **The Quiet Man**, with John Wayne and Maureen O'Hara at 2 p.m. Copies of the movie will be on hand so that you may view it prior to the discussion. Don't forget to mark Thursday, March 26, on your calendars for our annual North Shore Reads event. This year we will be discussing Alice Hoffman's **The Museum**

of **Extraordinary Things**. This is a fascinating book that covers the early decades of the 20th century. Our discussion will take place at the Metropolitan in Glen Cove. Author Alice Hoffman will be our guest speaker.

April is National Poetry Month. Please check our website and look for our flyers to see the date of our 6th Annual Poetry Night. Share your original poetry or read one of your all-time favorites.

The library offers many forms of information for work or for pleasure. One of our most little understood offerings is our subscription databases. These research resources can help students of all ages with homework assignments while

our Career Cruising database can help high school students with their college search and help older patrons with their job search. Looking for some music to download to your playlist? Try Freegal, a music subscription service where you are allowed 3 downloads per week. You can choose from thousands of songs. Browse through our complete listing from the library's homepage (www.seaclifflibrary.org) under the heading "Research" All of these services download ebooks and audiobooks from the library's website onto your ereader, iDevices or Kindle. Have a very enjoyable Spring- keep on reading!

Arts Council News for Spring

by Margie Malone

The Sea Cliff Arts Council is springing into a busy season of art, music and crafts shows (to be announced)! During March and April the art of Nancy Yoshii will be on exhibit at the Sea Cliff Library with the artist's reception being held March 15 at the library from 3:00 - 5:00 p.m.

Beginning in February and continuing through March and April "Abstracts of Nature," paintings and photography by Barbara Karlowich will be on

display at Daniel Gale/Sotheby's.

The Sea Cliff Arts Council's "Showcase of the Arts Night" is set for 7:00 p.m. on Thursday, April 23 at the K. DiResta Collective Studio. On Friday, May 1, the "Warm Up" to Spring will hum throughout the Village! Live music will be played on the Village Green from 5:30-8:30 p.m. and "happenings" will occur throughout town.

For May and June, watercolors by Lilli Scott and pastels by Kay Vickers will be on exhibit at the

Sea Cliff Library. The artists' reception will be held on May 10 for Kay and Lilli at the library from 3:00 - 5:00 p.m.

If you are interested in exhibiting your fine art or crafts at upcoming shows, email seacliffartscouncil@gmail.com Save the Date: The 3rd annual SpringFest will be held on Sunday, June 14.

Taormina Arrives in Sea Cliff

by Suzanne Bohn

Welcome to Taormina, the latest Pizza and Italian Restaurant to grace our town. Owned by Frank Caruso and Saverio "Sammy" Caratozzolo and located in the shopping plaza at 400 Glen Cove Ave., this cozy yet rustic restaurant and bar serves only authentic Italian food.

Sammy, the main chef, moved here three years ago from Italy where he taught culinary arts for 12 years. His teachings centered on the taste and appearance of fresh Italian food as well as the development of menus, the management of a family oriented restaurant and the training of waiters in the art of presenting and serving delicious meals.

Sammy passionately feels that when you come to Taormina, you are entering his home as a friend. Therefore, you and your family are warmly welcomed, made comfortable and leave fully satisfied with your meal.

All of the dishes on the menu are homemade and fresh. Sammy believes that there is something on his menu to entice all ages. Adults can dine finely while children can be satisfied with their gourmet personal pizzas. All pastas are homemade and the Buffalo Mozzarella Grande is imported from Italy, where it is shipped and picked up frequently at JFK airport. Sammy recommends the Tagliatelle Bolognese that is made with pork, veal and

beef, along with carrots, onion and celery, all of which are sautéed in red wine and "Alta Cucina" plum tomatoes from Bologna, a town near Tuscany. He also raved about his Gnocchi Alla Positano, which is homemade and sautéed in fresh garlic, extra virgin olive oil, cherry tomatoes with fresh mozzarella and basil, and then baked in a terra-cotta dish. All entrees come with a side of house salad or different types of fresh pasta. The specials change every day and always include some type of fish, which is his favorite to prepare. He says that he must see the fish before he buys it. The day I interviewed him, the special was Swordfish with black olives, capers and eggplant served over fresh spaghetti. Sammy doesn't believe in inventing new recipes; he has perfected tried and true authentic Italian cuisine.

Sammy's wife is an excellent baker and she is known for her homemade Tiramisu, which is made from mascarpone, espresso coffee and egg whites.

The freezer in the restaurant is only used for ice cream. A fresh food delivery occurs every two days. Of course, bread and sausage are made on the premises.

So if you are looking to dine in a warm and very friendly place where you can enjoy a delicious meal at reasonable, honest prices, come to Taormina.

Sammy Caratozzolo, owner and main chef of Taormina.

Building Dept. Archives Grant

by Erinn McDonnell, Grants and Contracts Administrator

The Building Dept. is taking a giant step into the 21st century with its recent property files imaging and access project funded through the NYS Archives. In 2014, the Archives' Local Government Records Management Improvement Fund awarded the Village, through competitive application, nearly \$75,000 for the purposes of digitally imaging and microfilming the entire Building Dept. property file record series.

The property files, housed in Village Hall, are considered a "permanent record" and their ongoing

maintenance is required by law. The series, which dates back to 1931 when certificates of occupancy were first issued, has been converted into both pdf and microfilm formats. The digital files will be utilized in tandem with Building Dept. software and, eventually, will also be publicly available. The microfilm will be stored offsite as part of the Village's disaster recovery management plan. The imaging and access project is a significant enhancement to both operational efficiency and the services the Building Dept. provides to the public.

Sea Cliff Village Calendar
