

# Village of Sea Cliff Heritage Tree Nomination Form

As defined in the Tree Preservation and Protection Law of the Sea Cliff Village Code, individual trees may be considered important community resources because of unique or noteworthy characteristics or values. These trees are defined as Heritage Trees, which are special status trees with certain characteristics that are singled out for special consideration. These trees are included in a Heritage Tree List maintained by the Village, and have special provisions in the Village code.

A tree can only be defined as a Heritage Tree if nominated by the owner of the private property on which the tree exists, and if subsequently approved for inclusion in the Heritage Tree List by the Board of Trustees. Any tree on public property can also be nominated by any resident of Sea Cliff, and after approval by the Tree Commission and Board of Trustees, may be included in the List. Refer to the "Qualifications for Designation as a Sea Cliff Heritage Tree" for criteria that may be used for determining the designation as a Heritage Tree.

Please fill out all information for the underlined items below and submit to Village Hall.
